

ONE changes Philippines Express 2 service port rotation

October 25, 2023

Singaporean container line Ocean Network Express (ONE) decided to adjust the port rotation of the Philippines Express 2 (PHX2) service.

The new weekly port rotation will be Singapore – Cebu (Philippines) – Cagayan de Oro (Philippines) - Singapore.

ONE noted the updated rotation will start with the 628 TEU boxship Pira Bhum from the port of Singapore on 13 November.

"With this change, we provide a quick, reliable, and efficient transport solution as well as a comprehensive network connecting the Philippines via Singapore offering a high level of connectivity as the primary transshipment hub in the region," said ONE in a statement.
