Chinese New Year Holiday Plan Far East Asia to Indian Subcontinent service

24 January 2024

[India Middle East and Africa](#) [Asia Pacific](#)Share 

As the Chinese New Year Holiday approaches, Maersk is looking to balance the network in light of forecasted reductions in demand and reduced workforce to handle cargo operations.

Our overall goal is to ensure minimal disruption to customers before, during and after Chinese New Years, with structural changes and alternative routings in place to enhance supply chain predictability.

In order to give you as much visibility on the situation as possible, please see below for the latest scheduling details:

Week	Service	Vessel	Voyage WB/EB	First Load Port / ETD	Last Load Port / ETD
7	FI3	X-PRESS CARINA	407W/411E	QINGDAO / 16- 02-2024	MUNDRA / 18- 03-2024

Our teams will continue to make sure customer impact is minimized by rebooking cargo to the remaining network in advance. We will, of course, communicate any further changes with you as soon as possible.

Thank you for your understanding, trust and cooperation. We look forward to continuing to serve your global logistics needs in the future.

If you have any questions, please don't hesitate to reach out to your local customer service or sales representatives.
