

EBS Europe/West Mediterranean to/via Canada & Mexico

Effective March 1st, 2024

Dear Valued Customer,

In light of proposed increases by the shipping lines from Europe & West Mediterranean to/via the USA, Canada & Mexico Vanguard Logistics, hereby announces our Equipment Imbalance Surcharge (EBS) as follows:

All cargo FROM Europe/MED TO USA, Canada & Mexico Ports:

USD15 W/M

The EBS will be effective for LCL cargo received on or after 01 March 2024. Should the proposed costs from the shipping lines ultimately be mitigated then this will be reflected in our pricing to you and communicated accordingly.

We trust we have kept you updated regarding these potential increases. In the meantime, should you have any further questions, please don't hesitate to contact your local Vanguard representative.

Kind regards

Vanguard Europe
