

Shipping with our Europe East Coast Express (ECX)? Here's an update

If you're shipping on our Europe East Coast Express ([ECX](#)), here's an update for your cargo planning. From mid-April 2024, we will be omitting Navegantes until further notice. Therefore, we'll be introducing a weekly feeder service between Navegantes and Rio de Janeiro, Brazil for both import and export cargo.

Here's an overview of the feeder rotation for your reference:

- Navegantes, BR -> Rio de Janeiro, BR -> Navegantes, BR

In case you'd like to plan ahead, here is the first port call of the new rotation, including vessel voyage, port and week:

Vessel / Voyage	Port	ETA	Week
MV Login Resilient	Rio de Janeiro	April 23, 2024	17

If you would like to view our vessels' schedule information, please visit our [vessel tracker](#) in our Online Business Suite. If you have questions concerning the above changes, please contact our customer service team at [your location](#), who will be happy to guide you based on your individual situation.
