## **Replacement of analogue trucker cards with “Passify App”**

Dear valued customer,

Please be informed that similar to terminal Eurogate, Hamburg (HAM01), also HHLA operated terminal CTT (Tollerort, HAM03) will replace the analogue trucker cards with a new smartphone application - the “Passify App” (to be downloaded from the Google Play Store or Apple AppStore free of charge).

The analogue trucker cards will lose their validity from June 29<sup>th</sup>, 2024.

With the aim to increase security as well as efficiency, access to the CTT will then be no longer possible with the trucker card. Within the next few months, “Passify” is said to be introduced at the Burchardkai and Altenwerder terminals as well.

HHLA's FAQ catalogue covering the introduction of “Passify” can be found under <https://hhl.de/en/customers/truck-info/passify>.

In case of any further questions please do not hesitate to contact our Customer Service and Sales colleagues.

Sincerely yours,  
OOCL Ltd. ZN Deutschland
