

East Coast Port Disruption

September 26, 2024

World to/from USEC and USGC
Potentially Effective October 2024

Dear Valued CMA CGM Customer,

In order to keep you duly informed, we are sharing the proactive measures that CMA CGM will implement to mitigate any potential impact to your cargo given the anticipated disruption to US East and Gulf Coasts services starting Tuesday, October 1, 2024, due to a potential strike action (port disruption).

US Exports via U.S. East Coast and U.S. Gulf Coast:

If the strike occurs, all U.S. East Coast and Gulf Coast export bookings for sailings after September 30 will be impacted, details provided below. Booking adjustments including rolls to other vessels or cancellations may be needed, beginning with vessels during the week of September 23, 2024.

- New Export Bookings:
 - CMA CGM will continue to accept Dry Coastal / Local Bookings.
Terminal receiving details provided below.
 - CMA CGM is still accepting Reefer Coastal / Local Bookings.
Terminal receiving details provided below.
 - CMA CGM is no longer accepting rail cargo bookings until further notice.
Client solutions will review alternate options if available upon receipt of the booking request.

US Imports via U.S. East Coast and U.S. Gulf Coasts:

CMA CGM encourages customers to pick up their import cargo prior to September 30, 2024. Reefer shipments will not be monitored during the port disruption. (Gate availability provided below.)

- Please note import shipments may be impacted due to vessel omissions or change of rotations within the vessel schedule. CMA CGM will contact all impacted customers with the latest details available.

Export and import cargo left idling on the terminal after a strike concludes will be subject to CMA CGM's abandonment process.

CMA CGM is closely monitoring developments and will provide the most recent updates to ensure you remain informed of any changes to your service.

Thank you for your continued support. Should you have any questions or concerns regarding the above, please contact your local CMA CGM sales representative. For current schedule activity please visit our website at www.cma-cgm.com.

Best regards,
CMA CGM (America) LLC
