## National Holiday - Mexico - September 16th

Dear Partner,

Please be advised that Monday, September 16th is a national holiday in Mexico in celebration of our Independence Day.

On this day, all offices and customs agencies will be closed, and the country will generally be operating at a slower pace.

We kindly recommend arranging any urgent shipments in advance to avoid delays.

However, our team will remain reachable via mobile phones for any critical matters.

Thank you for your understanding and cooperation.

Best regards,
