

**Navigate, Filter and Access Schedules with Ease:
Discover Our Enhanced Schedule Solution**

Dear Customer,

Have you already heard about our new [“Schedule”](#) application?

We have developed a **new cloud-based solution** that provides you with a **seamless experience!** While exploring **various routes, different methods, and dates** for sending your goods, we include **doorstep pickup and delivery.**

With our new tool, you get **detailed search results** based on your criteria – and with even more **useful data** on each of the routes we provide you with. Moreover, once you select the **specific route**, you can continue business with **Hapag-Lloyd**, including **getting quotations** on your cargo.

“Our latest Schedule application integrates seamlessly with our suite of web solutions, including Booking and Quick Quotes, ensuring a smooth and unified customer experience. Furthermore, our advanced technology stack enhances security measures, fortifying it against potential bot attacks.”

Director IT Bjoern K. – Web&Mobile

Live Position: Now with Consignee Access

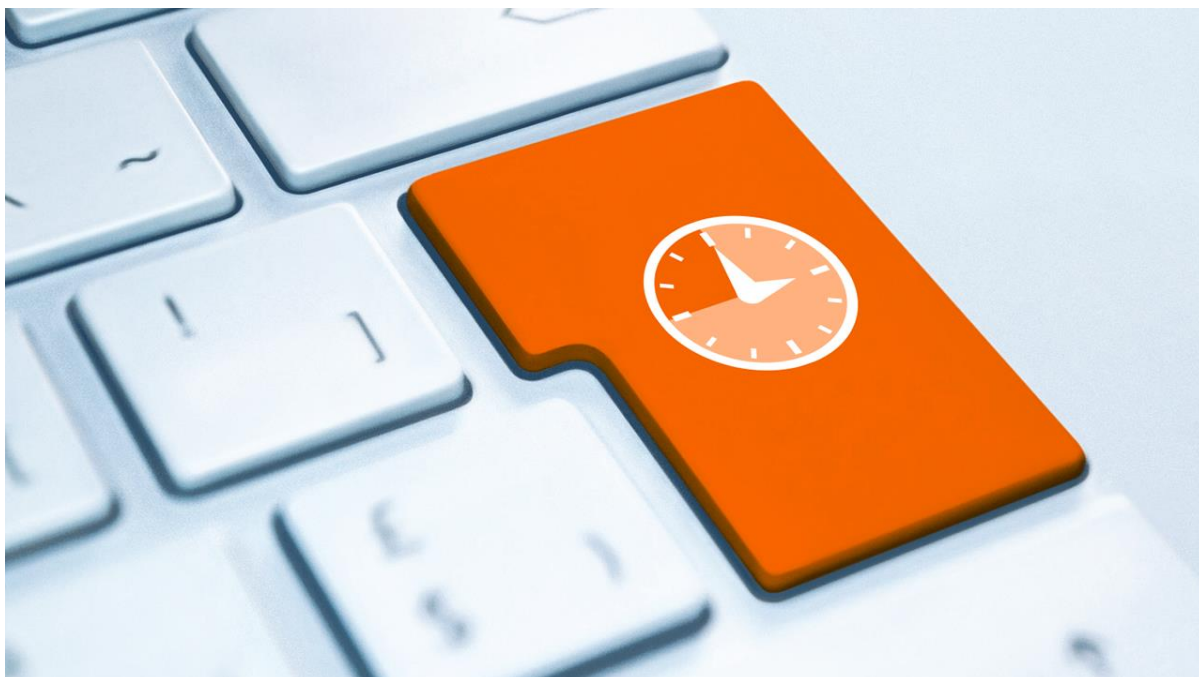

Thanks to the **latest update**, consignees can now buy [Live Position](#) after the Sea Freight invoice is submitted and the **B/L has been released** – if they are mentioned as consignee in the B/L.

How to use Live Position as a consignee? You need a **payer account** and must be registered in the **Online Business Suite**. **Live Position** for consignees costs **USD 15**, regardless of haulage mode, and can be booked after the sea freight invoice has been submitted and, at the latest, **five days before the arrival** in the Port of Destination.

As of now, **consignee access** is limited to certain countries: the **EU, Switzerland, UK, Chile, India, Canada, Mexico, and China** – but we're working on expanding the scope.

This version highlights the key actions, requirements, and details for consignees using [Live Position](#).
